

Party Confirmation & Instructions

Party Date: 4/27/18 Check in Time: 11:30 am # of Participants: 100
Customer: Rachel Diede

We are excited to host your upcoming event at High Trek Adventures at Paine Field (11928 Beverly Park Road, Everett, WA 98204). Please forward the following information to each of you guests. Here are a few items that will help you plan for your adventure and make your experience more enjoyable.

WHAT IS HIGH TREK ADVENTURES

High Trek Adventures is an aerial adventure park with a high ropes course and 3 ziplines that circumvent the park. The courses (one geared towards younger children and one geared towards adults and young adults) have over 60 aerial elements that guests will climb, balance, and swing through from heights of 15 to 50 feet. Our built-in steel cable lifelines connect each guest to the course via a full-body harness.

Unlike ziplines or canopy tours, a guest at High Trek Adventures will be actively and physically engaged while traveling through our Captain's Course or Cadet's Course. There are many elements from which to choose, such as: walking over aerial bridges; crossing tight-rope walks; swinging through floating foot loops; and traversing giant spiders' webs. There is no one way to make your way through High Trek Adventures aerial adventure park. You will decide the route and the height that suits you best. It truly is a playground for kids and adults... in the air.

ALL PARTICIPANTS NEED A SIGNED WAIVER

Before participating in any of HTA's activities you will be required to sign a waiver. All participants under 18 years old are required to have their parent or legal guardian complete this waiver on their behalf. Anyone 18 years or older must fill out their own waiver. This waiver will be available for all guests to sign at our sales office, however, it is also available online to help you prepare for HTA before you even pull into the parking lot. Filling out the waiver online will save you time on the ground and get you in the air sooner. The waiver will be stored in our system and good for 1 calendar year. [Click Here to Sign the Waiver](#)

PLAN TO BE OUTSIDE IN THE WEATHER

Weather can be a very important factor to consider when planning your day to High Trek Adventures. We are an outdoor aerial park and we will continue to operate in most weather conditions including rain; therefore, a raincoat is something to consider packing in case the

clouds roll in during your time in the air. Keep in mind that all activities are outdoors and that while in the air you will be exposed to whatever weather we happen to be experiencing that day.

WHAT TO WEAR

CLOTHES Comfortable, active clothing is recommended for your time in the air. Each guest will be moving around the course in a full-body harness. This means that guests will want to wear pants or longer shorts and full coverage shirts to ensure the most comfort while in the full-body harness. (You will be very active while in the air and you will want to wear the kind of clothing that will allow you to move with the most comfort and coverage possible.) If you are joining us during colder months, we recommend wearing warm layers, thick socks, gloves, etc. Coming with hand or foot warmers in your pockets isn't a bad idea either.

SHOES **We do require closed toed shoes.** This means no sandals or slip-ons. Shoes with sturdy soles and traction are recommended as the best to wear when moving around, climbing through cargo nets, stepping into swinging loops, and tight-rope walking across cables.

OTHER Jewelry and loose items are not allowed on the course. We also ask that long hair is secured in pony-tails. Also note that you will not be able to bring anything up into the park with you that could be dropped. Cameras, phones, gum, money, chapstick, etc. must all be left on the ground. Safety from falling objects for all our guests and staff is very important to us and this is why nothing in your pockets is allowed to go up with you into the air. We can hold your personal items in a cubby location in our sales office. For more info visit our [Prepare For The Air page](#).
